## PROJECTS

### Project 1:

- **Name of Project:** Online Pizza Delivery website (Navin's pizza)
- **Technologies used:** HTML, CSS, JAVA SCRIPT AND BOOTSTRAP
- **Project Description:** Welcome to Navin's Pizza, where every slice is a slice of heaven. Our pizza chefs are dedicated to crafting the perfect pie, using the finest ingredients and time-honoured techniques. Whether you're a fan of classic flavours or adventurous toppings, we have something to satisfy every craving.

### Project 2:

- **Name of Project:** G20 Conference
- **Technologies used:** HTML, CSS AND JAVA SCRIPT
- **Project Description:** By bringing together the wealthiest countries and emerging economies and making consensus essential to deliberations, the G20 offered a potentially inclusive, even if not equitable, framework for setting global agendas and for reducing tensions of superpower rivalry.
